

CLERGYMEN ATTACK SCHOOL HISTORIES ON CHURCH ORIGIN

Say Text Books Err in Calling
Henry VIII. Founder
of P. E. Faith.

A vigorous campaign to correct what is termed an inaccuracy in the histories now in use in American public schools has been decided on by the House of Deputies to the General Convention of the Episcopal Church meeting in the Cathedral of St. John the Divine. Some historians say that the present Episcopal Church was founded by Henry VIII. of England. The churchmen say that it has existed ever since the beginning of things religious in England, and now they want this correction made in school histories.

The change of name controversy which was raised by the California delegation's motion to amend the title page of the prayerbook was dropped for the time being this morning, when it was decided that the matter was a legal one and not to be settled by the Committee on Prayerbook. The Low Churchmen say the matter has been dropped for the rest of this session, but the High Church followers declare it will be revived.

By a resolution passed to-day Episcopalians within the jurisdiction of the convention will be required to keep silent for five minutes after 3 o'clock on the afternoon of Good Friday, in commemoration of the Lord's sacrifice.

McKAY RUNNING DOWN ILLEGAL REGISTRATIONS

Mayor Kuine to-day wrote to Police Commissioner Waldo, asking that First Deputy Commissioner McKay be relieved as much as possible from regular police work so that he can devote his time to the running down of election frauds.

The Mayor calls attention to that part of the election laws defining the duties of police captains with reference to registration. He also calls attention to that section which provides that at the close of each day of registration the inspectors of election shall detach from the stubs the challenge affidavits signed by the persons challenged during the day. These shall be delivered to the police captains.

NEW TRIAL GRANTED TO ROBBER SUSPECTS

On motion of Assistant District Attorney Delehanty before Judge Rosinsky, in General Sessions to-day, the convictions of John Kelly of No. 200 West One Hundredth street and Harry Schumacher of No. 47 West Forty-third street for highway robbery was set aside and they were put under \$1,000 bail each, pending a new trial.

Solomon Present, a tailor, of No. 272 West Ninety-sixth street, reported to the police June 20 that he had been assaulted in the hall of the apartment house at No. 311 West Ninety-fifth street by four men, who took a suit of clothes from him and escaped in an automobile. Kelly and Schumacher were arrested, and Present, Superintendent White of the house and Benjamin Caldwell identified them as among the robbers. Antonio Vitello identified them in police court, but retracted when they were tried in General Sessions.

Vitello was promptly committed to the Tombs on a perjury charge and is awaiting trial.

Meantime a third man, James M. Daly, of No. 308 West One Hundredth and Forty-seventh street, was arrested in connection with the robbery and pleaded guilty and was sent to Elmira Reformatory.

When Kelly and Schumacher were arraigned to-day, Assistant District Attorney Delehanty intervened, saying that the identification, in his opinion, had been forced. He was of the opinion that a grave injustice might have been done.

What and Why Is the Internal Bath?

Much has been said and written about the present generation living unnatural lives and being, for that reason, only half as energetic, enthusiastic, ambitious or even healthy as it should be.

And this is so. The confined lives that we live, the lack of constant exercise (for it must be constant to be effective), and the strenuous requirements of our business or social duties, directly bring on a condition to which little attention has been paid in the past, though it does more to rob us of power, spirit and ambition than any other one thing known to medicine.

But Nature has provided, as in so many other cases, an immediate and perfectly natural relief for this condition, and over five hundred thousand Americans are already taking advantage of it.

When you are ill and a physician is called, the first step that he takes, NO MATTER WHAT IS THE MATTER WITH YOU, is to clean out the colon (large intestine).

There are two reasons for this: One is that no medicine can possibly take effect while there is waste matter in the colon.

The other and MOST SIGNIFICANT REASON is that if the colon did not contain this waste, it is safe to say that you WOULD NOT HAVE BEEN ILL AT ALL.

The penalty for the lives we live is agreed on by all physicians to be the clogging up of our colons with waste matter which the system does not voluntarily carry off.

This waste is extremely poisonous; the blood circulation comes in sufficiently close contact with this waste to take up these

poisons by absorption and distribute them throughout the body.

The result is a gradual weakening of the blood forces; the liver becomes sluggish; biliousness asserts itself; we become heavy, dull, and develop a more or less nervous fear of anything we undertake. The more this waste accumulates, the more we are affected, until at last we BECOME REALLY ILL and incapacitated.

Now the Internal Bath is the one process with the assistance of simple warm water, properly introduced in a new and natural way, that will keep the colon as clean and sweet and pure as Nature demands it to be for perfect health.

Enlightened physicians by thousands are prescribing this new method, which is fully explained in a little book called "Why Man of Today Is Only Fifty Per Cent Efficient," by Dr. Chas. A. Tyrrell, of New York, who is a specialist on the subject.

It explains just why this method has proven superior to any other (including drugs) for removing this troublesome waste; how the "J. B. L. Cascade" gives the bath in the most natural and effective way; also many other interesting facts and statistics which cannot be touched on here.

So if you are nearly well and want to get really up to "concert pitch," if you want to feel consistently bright, confident, ambitious and enthusiastic—in fact, no matter what your condition, sick or well, the experience of other hundreds of thousands would prove it worth your while to at least call at one of our stores, get a free copy of this valuable book, and look further into this method and its history.

Macy's
Herald Square Broadway, 34th to 35th St.

DON'T THINK THESE ARE ALL THE SPECIALS AT MACY'S. There are dozens of others in every Department. In fact, there are always more U-4-advertised than advertised specials at Macy's. Look for the signs that say "not advertised"—they point out very special values.

Clothing of the Finest for Critical Men And Young Men

Let us reduce the whole Clothing question to few words for busy men.
Macy's shows correct styles ONLY, correctly tailored by the best makers ONLY.
This Clothing Macy's sells at a SAVING to YOU of \$4.00 to \$6.00 per Suit or Overcoat.

Some men, perhaps many men, will try anything once. Fairly good idea in sporting parlance, but the Suit or Overcoat you buy is not merely "a try," it remains with you for months an ever-present source of satisfaction or irritation according to how wisely and well you have bought.

The term "dependable" is much misused, but applied to the Macy Men's Clothing Store, it is thoroughly in place. At Macy's men may expect

STYLE—DEPENDABILITY—SAVING

Suits at \$18.50

We illustrate one of the smartest models, but we have others in the styles and models accepted as correct for men both young and not so young.

Every desirable fabric, in the neatest and smartest effects of the season, is shown, and the range in size is such that we can fit to perfection men of whatever build or proportions.

Overcoats, \$19.75

Silk-lined, as you see in the illustration, and hand-tailored in the smart and ever popular Chesterfield model.

In some, the silk lining extends to the edges of the lapels. In others, the facings of the lapels are of the same fabric as the coat. The material is a fine unfinished worsted in Oxford gray or black.

Where But at Macy's
\$8.00 Sweaters,
at \$4.96?

Of course, even Macy's cannot every day have the privilege of offering you such a saving. These are a special purchase at very special prices, and the saving is yours as always at Macy's.

They are made of an absolutely all-wool worsted in the much wanted Shaker-knit weave. They have the best kind of collar ever invented—the "Shawl," as shown in the picture. The colors are Oxford, navy, and maroon; and we have an ample supply in all sizes from 36 to 44. The weight of each Sweater is approximately 2 1/2 lbs., which is very heavy indeed, and characteristic of the best Sweaters only. For Golf, Skating, Automobileing, etc., they are the warmest and most satisfactory obtainable.

Women—just as a suggestion to the men who read this—are beginning to wear just such sweaters as these for all kinds of doings out-of-doors and especially for motor-ing. Suggestion—Buy one for her. Other Sweaters, of course, for men, in regular stock, and priced as low as \$1.98 and up to \$19.49 for the very finest imported Sweaters procurable. While you are here let us tell you about our fine Scottish Golf Coats. They are knitted in the Scottish Lowlands of the finest wools, and the most attractive of them have all the rich subdued coloring of the "bonnie purple heather" of the Land of Cakes. Prices \$37.49 to \$22.49. Fifth Fl., Centre.

KIDNEY AND BLADDER TROUBLES DISAPPEAR

Chronic Sufferers Find Relief
After Few Doses of Croxone

If you are bothered with backache or rheumatism, have disagreeable, annoying bladder or urinary disorders to contend with—or suffer with any other of the many miseries that come from weak kidneys, here is a guaranteed remedy. It is a positive fact, but Croxone promptly overcomes such diseases. It soaks right in and cleans out the stopped-up kidneys and makes them filter and sift out the poisonous waste matter from the blood. It neutralizes, and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the delicate linings of the bladder.

More than a few doses of Croxone are seldom required to relieve even the obstinate long standing cases. You will find Croxone entirely different from all other remedies. It is so prepared that it is practically impossible to take it without results. An original package costs but a trifle, and your druggist is authorized to return the purchase price if Croxone fails to give the desired results the very first time.

No Extra Charge for It.

DON'T TRUST CALOMEL

Thousands Experience Bad
After Effects from This
Dangerous Drug

A Safe Vegetable Substitute Is Dr.
Edwards' Olive Tablets for the Liver

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a laxative and liver tonic in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like calomel, except that there are none of the bad after effects. Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers. His distrust of the uncertain drug eventually started him, years ago, toward experiments with the view of discovering a substitute, and he has been for several years in possession of the long sought-for vegetable, which is the shape of a sugar-coated, olive colored tablet.

The results of 17 years' experience and practice are embodied in these marvelous little tablets. They are called Dr. Edwards' Olive Tablets. And their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have feared and were afraid of calomel. There is no necessity, when you take Dr. Edwards' Olive Tablets, for following them up with nasty, sickening, griping salts, or motor oils, or you do after taking calomel. Try them, 10c and 25c per box. The Olive Tablet Company, Columbus, O.
